What are maps?

Search

Where am I?

examples: 'Alkmaar', 'Regent Street, Cambridge', 'CB2 5AQ', or 'post offices near Lünen' [more examples...](#)

OpenStreetMap is a free
worldwide map, created by
people like you.

The data is free to download and use under its open license. Create a user account to improve the map.

What is OpenStreetMap ?

"OpenStreetMap is a project aimed squarely at creating and providing free geographic data such as street maps to anyone who wants them."

-- www.openstreetmap.org

"The project was started
because most maps you think of
as free actually have legal or
technical restrictions on their
use, holding back people from
using them in creative,
productive or unexpected ways."

-- www.openstreetmap.org

But who owns OpenStreetMap?

You do! You, know your neighbourhood more than anyone! I bet!

The data and software is owned by you, the contributors. There is an organisation called the OpenStreetMap Foundation which exists to protect, promote, and support the project, but does not own the data.
